

Notice to All Patients

The following rates for Dr Nancy Jia BMed. MD, FRACGP will be in place from July 1, 2026 onward, subject to changes and additions, with appropriate notice. All rates shown are for face to face consults.

Medicare rebates are set by the Federal Government, and therefore are also subject to change, as per the annual Federal Budget and government agenda. Please note that no rebate can be applied if the patient being reviewed is not in attendance during the consultation.

MyMedicare registered patients may be eligible for higher rebates.

Please note the changes in Fee structure for Commonwealth Health Care Card holders, on all applicable consults.

All other consults, including procedures, will have separate fees and rebate rates, which will be discussed and confirmed during planning consultation. All fees will need to be paid upon provision of service.

Paperwork (and other administrative tasks) to be completed by Dr. Jia for any patient who is not in attendance does not attract a Medicare rebate, and will be charged at a rate of \$28.10/5 minutes (plus GST).

We once again urge you to contact your local member of parliament if you, like us, feel that the Medicare rebate is falling far short of expectations for the delivery of quality healthcare.

Fees list for Dr Nancy Jia BMed. MD, FRACGP updated 18 May, 2026
