

## Notice to All Patients

The following rates for Dr Nancy Jia BMed. MD, FRACGP will be in place from March 4, 2024 onward, subject to changes and additions, with appropriate notice. Medicare rebates are set by the Federal Government, and therefore are also subject to change, as per the annual Federal Budget and government agenda. Please note that no rebate can be applied if the patient being reviewed is not in attendance during the consultation.

All other consults, including procedures, will be have separate fees and rebate rates, which will be discussed and confirmed during consultation. All fees will need to be paid upon provision of service. Certain vulnerable populations may continue to be bulk-billed at the doctor's discretion; please ensure all your details are up to date prior to your consultation. For all other Commonwealth Health Care Card holders, a discounted flat rate gap of \$30 will be applied to all applicable consults.

Paperwork (and other administrative tasks) to be completed by Dr. Jia for any patient who is not in attendance does not attract a Medicare rebate, and will be charged at a rate of \$25.50/5 minutes (plus GST).

We once again urge you to contact your local member of parliament if you, like us, feel that the Medicare rebate is falling far short of expectations for the delivery of quality healthcare.
